Election/Restrictions

1. Applicant's election without traverse of claims 1-7, 28 and 29 in Paper No. 14 filed 6-6-02 is acknowledged.

2. Claims 15-23 are withdrawn from further consideration pursuant to 37 CFR 1.142(b) as being drawn to a nonelected invention, there being no allowable generic or linking claim. Election was made **without** traverse in Paper No. 14.

3. It is noted that while the election of the invention of group I is entered, upon further examination it was determined that a total of 16 species are recited in instantly presented claim 4. Claim 4 is generic to a plurality of disclosed patentably distinct species comprising VEGF-A, VEGF-B, VEGF-C, VEGF-D, VEGF-E, PIGF, aFGF, bFGF and angiopoietin-1. In addition, 5 species of VEGF-A and 2 species of VEGF-B are recited. Applicant is required under 35 U.S.C. 121 to elect a single disclosed species, even though this requirement is traversed.

Should applicant traverse on the ground that the species are not patentably distinct, applicant should submit evidence or identify such evidence now of record showing the species to be obvious variants or clearly admit on the record that this is the case. In either instance, if the examiner finds one of the inventions unpatentable over the prior art, the evidence or admission may be used in a rejection under 35 U.S.C. 103(a) of the other invention.

4. A telephone call was made to Mr. Andrew Serafini on 8-13-02 to request an oral election to the above restriction requirement and a message was left on his voice mail, but no response has been received by the examiner. did not result in an election being made.

Applicant is advised that the reply to this requirement to be complete must include an election of the invention to be examined even though the requirement be traversed (37 CFR 1.143).

Applicant is reminded that upon the cancellation of claims to a non-elected invention, the inventorship must be amended in compliance with 37 CFR 1.48(b) if one or more of the currently named inventors is no longer an inventor of at least one claim remaining in the application. Any amendment of inventorship must be accompanied by a petition under 37 CFR 1.48(b) and by the fee required under 37 CFR 1.17(i).

When amending claims, applicants are advised to submit a clean version of each amended claim (without underlining and bracketing) according to § 1.121(c). For instructions, Applicants are referred to <http://www.uspto.gov/web/offices/dcom/olia/aipa/index.htm>.
